Arriving back from a trip to Kalymnos it seems that winter has set in early so let's hope the conditions for John's Glencoe meet are good.

We have the AGM & club dinner at the end of November.

Please make every effort to attend as we have some important business to discuss regarding the proposed new constitution (club rules). We agreed this change at last year's AGM but members still need to approve the new rules at the AGM.

The club dinner which Sue Greenwood has kindly arranged for us again this year is at the Agricultural Hotel in Penrith on 30th November – 7 for 7.30. Please send your money along with your meal choices asap in order to reserve your place. Send to Sue Greenwod, 24 Ritson Close, Carlisle, CA3 0QD Tel 01228 596912 **Menu attached.**

Kalymnos By Mike Tinnion

It seems that everyone and their mother has been to this amazing climbing Mecca (many of them over the last few weeks (**reports no doubt to follow**) but this Oct half term it was our turn.

It was almost sounding too good from all the reports I had received from various people however it lived up to all the hype in every way. The people are very friendly, the routes (at every grade) are endless as was the sunshine.

Highlights for me were the amazing Wings For Life on the south face of Telendos, an 11 pitch route up the

side and over the top of a huge teardrop shaped cave

Wings for life

(watch out for the first 6a pitch though).

First 6a pitch

A steep & strenuous route called Too Fat For Tufas' (which fortunately we wern't) by the sea at Dolphin Bay & some nice routes at Sector Irox on Telendos. Our most popular route however seemed to be the ferry across to Rita's Bar on Telendos!

I think Dorine's favourite part was riding pillion on the scooter up the steep track to Odyssey!!!
